Call for Sponsorships

The 4th China LS-DYNA Users' Conference is scheduled to be held on October 21st-23rd 2019 in Shanghai by LSTC and Shanghai Fangkun. As well-known technology sharing events, LSTC will show and share the latest product function and development strategy during the conference.

There will be one main session and five technology and application sessions including keynotes, new function and application of LS-DYNA, automotive crashworthiness, simulation technology and MPP, multiple solve method and application, sheet metal forming and implicit analysis, optimum design, pre&post processing technology, and two winning reports with topics of innovation simulation competition and best paper award. It is expected that there will be more than 400 attendees coming from various application fields such as scientific research institutions, enterprises, and universities, etc. We believe that this conference will bring a new standard and success in term of numbers of attendees, industry influence and popularity.

The conference will be a great platform for partners to present your products and service. Hereby we wholeheartedly welcome your attendance and support. Detailed sponsor plans as followings:

1、Type of sponsorship
